### **Customs House Agent (CHA) Registration for SAGT e-DA**

We thank ALL stakeholders for their cooperation in the successful implementation of the *digitization* (converting documents to enable electronic transmission) of the e-DA process via email platform.

SAGT is now paving the way for further efficiencies through *digitalization* (transmission of information between electronic applications) via Electronic Data Interchange (EDI) without the need for manual intervention.

SAGT's e-clearance application requires CHA's to pre-register with SAGT to enable activation and participation as an authorized party to receive e-DA.

**Registration is open 24/7 from Thu 11<sup>th</sup> June to Fri 26<sup>th</sup> June 2020.**

Registration options are:

The main banner features a photograph of a port with a ship and stacks of containers. Below the banner, a white box contains the text: "Keeping a track of your containers and monitoring their status is just a click away. We put you in control to access real-time information of containers and vessels at SAGT with e-Port." To the left of this text is the "ePORT Internet Information Exchange Service" logo. Below the text is a row of four buttons: LOGIN, SHIPPING LINES REGISTER, CUSTOM REGISTER, and CHA REGISTER. A large red arrow points upwards to the CHA REGISTER button.
